- 3 types of stickers
- papers and pencils
- smart board or a screen
- ninja headband
-

PRINTOUT LIST

- secret script
- facts list
- objects
-
-

festigal!

Opening

(5 min top)

- In this part we will explain what is the topic for the lesson, we will ask the students if they ever heard about “festigal”.

Festigal throughout the years

- In this part we will play a game with the students. On the screen they will see a board with boxes, every turn the

23 min	<p>class will choose one box from the board. Under the box they will find a festigal picture and the year of it. We will listen to the song from this festigal and will do small activities right after it, the activities list is added in the document. The board itself: https://wordwall.net/resource/25051999</p>
<u>Summary</u> <u>2 min</u>	<p>● In this part we will talk with the students about the activity and we will close the lesson.</p>
<u>Added option</u>	<p>● In this added activity we will give the class one song from the fastigal, and we will ask them to make a dance for it. After they finish the planning we will take a video of that dance and put it on a video of the whole school. By the end we will have one big video with dances from all the classes in the school. The video will be sent to the families and we will screen it in the hanuka event. This option will happen only with the approval of all the teachers and rena.</p>
